Advanced Sonic Technology for a Superior Clean

A manual toothbrush gives you 300 brushes per minute. Powered by superior sonic technology, this cutting-edge brush produces an impressive 30,000 micro-brushes per minute. That's up to 30 times more efficient than traditional oscillating brushes, ensuring

a meticulous clean that leaves your teeth feeling fresh and your smile brighter than ever before.

Whitening Power

The PowerBrush Pro's advanced brush head technology, combined with its 30,000 VPM (vibrations per minute), effectively removes stubborn stains caused by coffee, tea, and red wine, leaving your teeth noticeably whiter and brighter.
